

# MAY

Mrs. Hannon's Monday through Thursday 4's class!

May is our last month together (who can even believe that?!) and will be chock full of events. In between these special days, we will focus on numbers and healthy eating (to coincide with Field Day).

Our name writing has come such a long way since the beginning of year, and is still progressing (just as it should be). Congratulations, writers!

May 10: Mother's Day tea

May 17: Library field trip  
(8:45 drop off, 11:30 pick up)

May 23: Field Day!

We are going to end the year with an awesome unit on food groups, and healthy eating. Using literacy, the My Plate template and food talk, students will learn about healthy food choices.

On Thursday, June 1<sup>st</sup>, we will have our off-site, end of the year park party! Details to follow ASAP. That night will be Graduation for all students leaving for Kindergarten.
